

Join us at Scotland's premier industry led conference for driving innovation in Animal Health, Agritech, and Aquaculture.

18 & 19 September 2024 | Kingsmills Hotel, Inverness

Are you ready to explore the transition to digital at the A3 Scotland Conference 2024?

We're excited to bring you two action-packed days where we'll explore the dynamic 'Transition to Digital' across Animal Health, Aquaculture, and Agritech. The programme is filled with inspiring keynotes, insightful presentations, and lively panel discussions.

You'll have the chance to hear from an investor panel and watch as our 15 SME/startup sponsors pitch their innovative businesses. Plus, you can dive into technology and sector-specific breakouts, each featuring real-world business case studies. This is a great opportunity to gain valuable insights and connect with industry leaders and join exclusive Fringe Events including a tour of the new [RAVIC building on Inverness Campus](#).
