Scotland's Energy and Environment – Technological and Social Challenges

ECRR discussion forum

Wednesday May 30, 2007

Venue: SNH Battleby Centre, near Perth

A meeting to discuss issues relating to traditional and renewable energy technologies and their social and environmental impacts was held on May 30, 2007 at the SNH Battleby Centre near Perth.

The meeting was organised jointly by ECRR and the UK Energy Research Centre with the support of the Scottish Executive, Scottish Natural Heritage and the Aberdeen Research Consortium.
