Climate Change Impacts

ECRR seminar

Wednesday November 7, 2007

ECRR and Scotland and Northern Ireland Forum for Environmental Research (SNIFFER) organised a seminar on 7 November 2007 to share information on climate change research.

More than 50 participants heard from nine speakers about a broad spectrum of issues and the challenges that researchers must face.

Event report

Slides for eight of the nine presentations from the seminar are available here.

A View from Government

Philip Wright, Scottish Government (PDF, 1.1 MB)

scrr.ac.uk/downloads/ccl_wright.pdf

Scotland in Partnership

Marion Mulholland, SNIFFER (PDF, 806 KB)

scrr.ac.uk/downloads/ccl_mulholland.pdf

Impacts & Adaptation for Birds

James Pearce-Higgins, RSPB Scotland (PDF, 2.7 MB)

scrr.ac.uk/downloads/ccl_pearce-higgins.pdf

Forestry in Scotland

Duncan Ray, Forest Research (PDF, 2 MB)

scrr.ac.uk/downloads/ccl_ray.pdf

How Local Communities Adapt

Clive Bowman, Centre for Mountain Studies (PDF, 889 KB)

scrr.ac.uk/downloads/ccl_bowman.pdf

Implications for Agriculture

Dominic Moran, SAC (PDF, 180 KB)

scrr.ac.uk/downloads/ccl_moran.pdf

Measuring Impacts

Adam Butler, BioSS (PDF, 272 KB)

scrr.ac.uk/downloads/ccl_butler.pdf

Coastal Communities Impacts

Alexandre Gagnon, University of Paisley (PDF, 116KB)

scrr.ac.uk/downloads/ccl_gagnon.pdf

Other speaker

Mark Williams, Scottish Water – The Water Industry
