The State We're In: Society's responses to climate change

ECRR seminar

Wednesday May 5, 2010

The University of Edinburgh

This meeting looked at public responses to climate change in respect to:

- Scientists' and policy makers' ideas about climate change
- Policies such as the promotion of renewables
- Public perceptions of the key environmental challenges and the effect on lifestyle choices.

Event report

Slide presentations from the seminar are available here.

The challenge for Scotland – The Scottish Environmental Attitudes and Behaviours Survey 2008

Chris Martin, Ipsos-MORI (PDF, 1.8 MB)
